

**INFRAready**  
instant affordable warmth

## Aluminium Infrared Heaters

Enjoy the feeling of being warmed by the sun.

All year round.

## Aluminium Infrared Heaters

Our InfraReady Aluminium Panel Series Infrared Heaters are a stylish white slim Aluminium design. They are completely frameless and have a clean edge to blend into any environment. These Infrared Panel Heaters are easy to install on the wall or ceiling with our sliding mounting points.

These panels can be hidden on the ceiling and walls. They are also sized to slot discretely into suspended ceilings. Our Aluminium panels are built to last. The 10-year guarantee, quality of the workmanship and product surpass any other product on the market.
